

Who We Are

- Highly experienced information technology and Management Consultants.
- Seasoned software and database engineers.
- A group of associates comprising this firm.
- Stand for excellent communication and people skills.
- Value our long-term business relationships with our valued clients.
- Stand for successful projects. Failure is not an option.
- Always interested in hearing from direct clients (Principals only).
- Develop loyalty and respect toward our clients.
- Stand for honesty, integrity, and we have three rules:
 - ✓ Rule No. 1: Never disappoint our clients by failure.
 - ✓ Rule No. 2: Never agree to participate in a project which is destined to fail.
 - ✓ Rule No. 3: Never forget rule No. 1 and 2.

ECC Corp Software Engineers

Benjamin Yashar, 25 years IT Development and Consulting.

Rating Score: AAA

1. Microsoft SQL Server.
2. Database Design, Architecture, and Optimization.
3. Team and Project Management.
4. Microsoft programming languages C++, ASP, HTML, VBScript, JavaScript.

Gary Ingham, Managing Director, MBA, 35 Years Business & IT Management Consulting.

Rating Score: AAA

1. Interim Management of a Company or Department.
2. Review and Re-structuring for Organizational Development or Business Planning.
3. Contract Review and Negotiations to Reduce Costs.
4. Performance Enhancement in Back-Office Operations.

Franklin Spicer, Sr. Consultant, 23 years IT Development and Consulting.

Rating Score: AAA

1. Microsoft SQL Server, Database Design, Architecture, and Optimization.
2. Microsoft programming languages VB.Net, ASP.NET, C#, ASP, C++, ASP, HTML.
3. Team and Project Management.

Jerry Ruva, SVP Sales & Business Development. B.S. Business Management, M.A. Economics, 40 years of Corporate Business & Management Experience.

Rating Score: AAA

1. Business Guidance Counseling.
2. Corporate and Business Mediation and Negotiations.
3. Contract Negotiation, Construction, and Review.

Derrick Smith, Sr. Consultant, 10 Years Database Administration, Technical Project Management, Consulting.

Rating Score: TBD

1. Microsoft SQL Server; SQL programming; Database design.
2. Business Intelligence, Data Analytics, Data mining.
3. Operations Research; Management Science; Statistical Analysis.

William Blaney, Sr. Consultant, B.S. Business Administration, 20+ years IT Development and Consulting.

Rating Score: TBD

1. Microsoft .Net Framework, C#.
2. Microsoft SQL Server, ADO.Net, ASP.Net, Web Services, Distributed Programming.
3. Java, J2EE.

Jonathan Parnell, Sr. Consultant, Bachelor's in Business Information Technology, 10+ years IT Experience.

Rating Score: TBD

1. **Programming & Scripting:** T-SQL, P-SQL, ASP, ASP.NET, HTML, Java Script, PHP, Flash, Perl, Python, Jython, Java and Ruby On Rails.
2. **Databases:** MCDBA Certified (SQL 2000 & 2005). IBM DB2 Certified (8 & 9.5 (Viper 2)), Oracle (8, 9i and 10g) Sybase, PostgreSQL and MySQL. Excellent proficiencies in both T-SQL and P-SQL. Data Warehousing and Cubes. Data-Modeling. Stored Procedures, Views, Replication, Log-Shipping, Back-Ups, Maintenance Plans, Monitoring, Custom Views, Analysis Services, OLAP, ODBC, Reporting Services, Dynamic Reporting, DTS, SSIS, Security and Upgrading to SQL 2005. Implementing and Integration of Interfaces for IBM DB2, SQL 2000/2005 and Oracle.
3. Extensive knowledge and "real world" experience with all High Availability and Disaster Recovery technologies and processes implemented and coming out. Expert in new Gridscale database load-balancing technology. Extensive knowledge and "real world" experience with data center
4. **Network, Server & Storage:** Datacore, Compellent, NetApp, Juniper Networks, Foundry, IBM (All Series & Blades), Dell, EMC2, J-Boss, Apache, ATG, Veritas, Endeca and VMWare. Extremely skilled with Virtualization technologies.

Martin Haiem, Sr. Consultant, 23 years IT Development and Consulting.

Rating Score: BBB

1. Java, Java Swing, 'C', Visual Basic, Crystal Reports.
2. IBM DB2 UDB, MS SQL Server, MySql, Oracle Databases.
3. HTML, DHTML, J2EE, JSP, Java Servlets, Java Mail, Apache Struts, XML, Hibernate.
4. ASP, VBScript, JavaScript, Apache Web Server.
5. WebLogic, WebSphere, Tomcat, and Resin Applications Servers.

Younes Abesi, Sr. Consultant, 18+ years engineering/consulting, 10+ years IT Development & Consulting.

Rating Score: TBD

1. Microsoft SQL Server Solution Provider.
2. Database design, Architecture and Performance Tuning.
3. SQL Server Integration Services, data integrity assurance, TSQL, SSIS, DTS.
4. Microsoft programming languages ASP.NET, C#, VBScript, HTML, JavaScript, VFP.

Clinton Stewart, Sr. Consultant, BS, Certified Cryptographics Engineer, 28 Years Business & IT Technical Consulting.

Rating Score: TBD

1. Interim CIO of a Company or Technical Director.
2. Review and Assessment of technical strategy to accomplish business goals.
3. Security Review and Analysis of software to Reduce Vulnerabilities
4. Performance Benchmarks in Back-Office Systems.
5. Green Data Center Planning and Implementation.
6. HIPAA Security Compliance.

Dallas Meloon, 22 years consulting, 14 years in Microsoft SQL Server Specialties.

Rating Score: TBD

1. Microsoft Business Intelligence (BI) Developer/Analyst, End to End Design, development, deployment, and testing of MS SQL Server 2005-2008 OLAP Data Warehousing.
2. Expert in: Business Intelligence Design Studio (BIDS), SQL Server Integration Services (SSIS), SQL Server Analysis Services (SSAS), SQL Server Reporting Services (SSRS), SQL Server Management Studio (SSMS), Visual Studio, VISIO, PowerPoint Server, WSS & MOSS SharePoint Server.
3. T-SQL, MDX, Excel Services for SharePoint, Excel, MS Access.

Victor Schrader III, Sr. Consultant, 24 years Financial, DOD, Technology Consulting.

Rating Score: TBD

1. Java, J2EE (BEA, JBoss, WebSphere),
2. JMS (ActiveMQ, ServiceMix, Sonic),
3. Oracle (8i, 9i, 10g),
4. SQL Server (2000, 2005),
5. Linux (Red Hat, Suse, x64, UBL),
6. Sun Solaris (2, 4, 6, 8, 10)
7. Open Source (Apache, JBoss, MuleSource)
8. Distributed Programming (CORBA, RMI, SOA)
9. Linux, Solaris, SCO Upgrades, Application Upgrades to Apache or Jboss, or Java Optimization.
10. SMP Systems, Kernel Upgrades or Tuning on Linux, Network or Platform Assessments.
11. Outsourced Product Management.

Mike Grove, Sr. Consultant, 25 years IT Development and Consulting.

Rating Score: TBD

1. Multi-tier Systems Design and Architecture.
2. Systems Integration and Migration.
3. Microsoft SQL Server, Data Modeling, T-SQL
4. VB/VB.NET, ASP/ASP.NET, HTML, JavaScript.

Bill Taylor, Chief Scientist, MSEE, 40 years Designing, Managing & Implementing Innovative Software Systems.

Rating Score: TBD

1. Tomcat, MySQL, C, and Ladder Logic to collect and display real-time plant-floor data.
2. Java, C++, JavaScript, and jQuery to implement 3-D building mapping systems.
3. Team and Project Leadership.
4. Three-Day executive seminars on Artificial Intelligence.

Ted Marcus, MS in MIS, PMP, 20 Years Business Development & IT Project Management.

Rating Score: TBD

1. Management of challenging projects in complex corporate environments.
2. Leading geographically distributed teams in challenging projects.
3. Project Management Office organization and design.
4. Expertise in Hospital Information Systems.
5. Clinical and Business process analysis and redesign.

Kevin Lew PhD in Computer Science, Sr. Consultant, 13+ years Software Management, Architecture and Development.

Rating Score: AAA

1. Advanced C/C++ development on Windows or Unix.
2. WPF/XAML and WCF development in C# on .NET 3.5.
3. N-tiered software architectures including presentation, business logic and data abstraction atop SQL.
4. Team and technical leadership.
5. Scrum/Agile or eXtreme Programming methodologies.
6. Management of a Software Department, including Development, Build and QA, Production Support and First-level Helpdesk.
